

Pumpkin Time at ADC

October 18, 2011

The “Grandma’s and Grandpa’s” from Adult Day Services invited the children from EOC Tech, Child Development Center, for a story and some hands-on experiences with pumpkins. Adult Day Services’ Director, Eileen Wilson, allowed children to experience her collection of unique pumpkins. One of their participants, Mr. Richard Manning, then read a book to the children entitled, *Happy Halloween, Biscuit*.

After the story the children were invited forward to crawl through the pumpkins, touch the pumpkins, weigh the pumpkins, etc. Participants then gifted pumpkins to each of the children. The excursion concluded with a visit to ADC’s fish pond. The children had a great morning. We want to thank Ms. Wilson and all the staff and participants of Adult Day Services for volunteering their time and pumpkins.
