Cost of Attendance Budget

2023-2024

Cost of Attendance (COA) is the amount it will cost a student to go to school. There are two types of costs; direct costs which include tuition and fees and indirect costs which include the costs of housing, transportation, food, commodities, books, materials, supplies, licenses, certifications, etc. Schools with programs that last a different period of time (for instance, an 9-month certificate program) might show a COA that covers a time period other than a standard academic year.

Dependent and independent student is defined by the 23-24 completed FAFSA.
