The Hepatitis B Virus (HBV) is a serious and dangerous disease and may be contracted through the contact of blood, blood products, and other potentially infectious material.

EOCTC strongly encourages me to take the three shot series or the titer for the Hepatitis B virus. However, I **DECLINE** to be vaccinated at this time. I understand that by declining to be vaccinated I am at risk of acquiring the Hepatitis B virus.

EOCTC strongly suggests that if I going to have occupational exposure to blood, blood products, and other potentially infectious material in the future, that I should consider being vaccinated with the Hepatitis B vaccine.

EASTERN OKLAHOMA COUNTY TECHNOLOGY CENTER SUBSTANCE ABUSE POLICY

READ THE SUBSTANCE ABUSE POLICY ON THE NEXT TWO PAGES. SIGN & DATE IT. TURN IT IN WITH YOUR ADMISSION PACKET.

All **AEMT** students will have at least **one (1) “no-notice” drug screen** conducted during the class. Any student absent for drug screen will have twenty-four (24) hours to appear and submit for testing. Any deviation from this policy must be approved by the Public Service Coordinator and Director of Business and Industry Services. Any evidence of illegal or illicit drug use will result in immediate dismissal from the program. Please see Drug Policy (below) for further information.

SUBSTANCE ABUSE POLICY

The safety of participants in the **AEMT** program is of paramount concern to Eastern Oklahoma County Technology Center (EOCTC). Students who use drugs or alcohol pose serious safety risks to patients, as well as other students and employees of EOCTC and the clinical facilities at which the students engage in clinical practice rotations. The use of alcohol and illegal chemical substances has a direct and adverse effect on the safety, personal health, attendance, productivity and quality of work of all students. Recent scientific studies demonstrate that the use of alcohol and/or illegal chemical substances reduces an individual’s ability to perform beyond the time period of immediate consumption or use.

Due to the devastating impact that the use of alcohol and/or illegal chemical substances can have on the safety of patients, students, and employees of Eastern Oklahoma County Technology Center (EOCTC) and various clinical facilities at which **AEMT** students may perform clinical practice rotations, EOCTC will not tolerate students who use, possess, distribute, purchase, sell or are under the influence of alcohol and/or illegal chemical substances.

All students will be tested for drugs and alcohol, at the school’s expense, prior to their participation in clinical rotations. Additionally, students may be tested for drugs and alcohol, at the school’s expense, at any time on a random selection basis while enrolled in the **AEMT** program. Finally, reasonable suspicion testing will be performed as needed, in the judgment of the Fire/EMS Training Coordinator, at the student’s expense. All drug and alcohol testing will be conducted in compliance with applicable law.

Testing positive for the presence of drugs and/or alcohol, or refusing or failing to participate in, or cooperate with any part of the testing process is a direct violation of EOCTC policy. This violation is taken very seriously.

Any student that tests positive for the presence of drugs and/or alcohol, or refuses or fails to participate in, or cooperate with any part of the testing process will be immediately dismissed from the FAC/EMT Program with no refund of any monies paid.

All **FAC/EMT** students must present themselves for drug testing upon receiving notification from the staff of EOCTC. Any student who tests positive for drugs and/or alcohol may ask for a review by scheduling a one-on-one appointment with the Fire/EMS Training Coordinator.

On a case-by-case basis, after conferring with the Medical Review Officer (MRO) of the Drug Testing Company and the **AEMT** student, the Public Service Coordinator may allow the **AEMT** student to take another drug test at the student’s expense.

DEFINITIONS:

Alcohol means ethyl alcohol or ethanol.

Drug or alcohol test means a chemical test administered for the purpose of determining the presence or absence of alcohol or illegal chemical substance or their metabolites in a person’s blood, bodily tissue, fluids, products, urine, breath or hair.

Drug or illegal chemical substance means any substance, which an individual may not sell, possess, use, distribute, or purchase under either Federal or Oklahoma law. Illegal chemical substance includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled dangerous Substances Act, all prescription drugs obtained without authorization and all prescribed drugs and over the counter drugs being used for an abusive purpose. By the way of example only, the drugs which can be tested for are: amphetamines, cannabinoids, cocaine, phencyclidine (PCP), hallucinogens, methaqualone, opiates, barbiturates, benzodiazepines, synthetic narcotics, designer drugs, or any metabolite of any of these substances.

Positive, when referring to an alcohol or drug test, means a toxicological test result which is considered to indicate the presence of alcohol or an illegal chemical substance or the metabolites thereof, using the cutoff standards or levels determined by the State Board of Health or in the absence of such State Board cutoff levels, the cutoff levels customarily established by the testing laboratory administering the alcohol/drug test.

Random Selection Basis means a mechanism for selecting students for alcohol and drug testing that:

- Results in an equal probability that any student from a group of students subject to the selection mechanism will be selected; and
- Does not give EOCTC the discretion to waive any student selected under the mechanism.

Reasonable Suspicion means a belief that a student is using or has used alcohol or drugs, drawn from a specific objective and articulate facts, and reasonable inferences are drawn from those facts in light of experience, and may be based upon, among other things:

- Observable phenomena, such as the physical symptoms or manifestations of being under the influence of alcohol or a drug; or the direct observation of alcohol or drug use;
- A report of drug or alcohol use, provided by reliable and credible sources, and which has been independently corroborated; or
- Evidence that a student has tampered with an alcohol or drug test; or
- Evidence that a student is involved in the use, possession, sale, solicitation
