

GRADUATION and RETENTION RATES

Federal regulations require that EOCTC disclose graduation and retention rates data based on a cohort group of first-time, full-time, post-secondary attendees who complete their program of study within 150% of the career major length. The 4-Year Average Student Right-to-Know Graduation/Completion Rate for the 2016 Cohort is 58%. The Overall Graduation Rate that was reported on College Navigator through the Winter 2019 Integrated Postsecondary Education Data System (IPEDS) report for the Fall 2016 Full Year Cohort is 68%. The Retention Rate for full-time students included in the Fall 2017 cohort is 81%. The Retention Rate for part-time students included in the Fall 2017 cohort is 57%. The Financial Aid Coordinator is responsible for calculating these statistics and disseminating them to current and prospective students.
