

## SPRING 2025 HYBRID, LONG-TERM CARE NURSE AIDE (LTCNA) PROGRAM APPLICATION PACKET

**Description of Program:** EOC Tech's 75 hour, HYBRID Long-Term Care Nurse Aide Program covers all training and clinical requirements dictated by the Oklahoma State Department of Health. We encourage each student enrolling in the program to request your background check as soon as possible, but it must be completed before the first night of class. You will not receive the results of this background check, and they will be sent directly to EOC Technology Center.

If your employer has recently completed your background check, please contact your employer to see if they are willing to send a copy of your completed background check report directly to EOC Tech's Business Development & Training Center. Please contact our office for further details.
