## Transportation, Distribution, & Logistics Automotive Service Technician- ASE Aligned- TR0156602

### Who can Enroll?

Juniors | Seniors | Adults

### Schedule

Monday-Friday  
AM Session: 8am-11am  
PM Session: 12pm-3pm

### Estimated Completion

FT Adult: 2 years  
HS Student: 2 years

### Program Description:

Students in this major will cover the skills necessary to become an entry-level technician. Students will concentrate on courses in introduction, brakes, steering & suspension, electrical/electronics, engine performance, heating and air conditioning, engine repair, automatic transmission, and manual drivetrain & axles. Students will learn how to diagnose and complete brake service, perform vehicle steering & suspension alignment, as well as electronic theory, and electrical/electronic diagnostics. Students will cover engine performance diagnostics and techniques for repair using a variety of diagnostic equipment. This career major includes automotive heating and air conditioning. The student will learn how to evacuate and recharge air conditioning systems using the proper refrigerant, as well as diagnostics of the heat and air conditioning systems. This career major is intended to provide courses closely aligned with NATEF hours and tasks. ASE certification is recommended and industry-recognized.
